### Agreement

NOW, THEREFORE, taking the foregoing recitals into account, and in consideration of the mutual covenants and agreements contained herein and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties, intending to be legally bound, hereby agree as follows:

#### ARTICLE 1: COMMENCEMENT AND COMPENSATION

1.1. Term. The term of this Agreement will begin on the date of this Agreement and will terminate on December 31, 2021, unless earlier terminated in accordance with Section 5.1 (“Term”).

1.2. Commencement of Shared Operations. The parties shall cooperate to transition Sharee’s Station to the Shared Channel and the Transmission Facilities on a mutually agreeable schedule determined by the parties, in good faith, within the time required under the Channel Sharing Rules, provided that the parties shall commence shared operations on the earliest date following FCC public notice of the grant of the channel sharing construction permit that is consistent with the notices to viewers provided by Sharee to its viewers regarding commencement of operations on the Shared Channel, which notices will commence while the channel sharing construction permit is pending. The “Commencement Date” shall be the date Sharee begins broadcasting Sharee’s Station on the Shared Channel pursuant to program test authority. Any out-of-pocket costs reasonably necessary to modify the Transmission Facilities for shared use under this Agreement shall be paid by Sharer, and Sharer shall be solely responsible for all costs associated with the move of Sharee’s Station to the Transmission Facilities.

1.3. FCC Filings. Within five (5) business days after the date of this Agreement, Sharee shall file with the FCC and thereafter diligently prosecute a minor change application for a construction permit for Sharee’s Station in order to implement this Agreement (and, if required, include with such application a copy of this Agreement with appropriate redactions of confidential information). Sharer shall furnish Sharee with such information and assistance as Sharee may reasonably request in connection with Sharee’s preparation of such application. Sharer and Sharee shall each pay half of all costs associated with the minor change application. The parties shall cooperate in good faith and each party shall pay half of the costs of preparing, submitting, and prosecuting any other applications with the FCC that may be necessary to implement the sharing arrangement contemplated by this Agreement.

1.4. Compensation. In consideration for the right to use the Shared Channel as set forth in this Agreement, Sharee shall pay Sharer the amount set forth on *Schedule 1.4* (the “Sharing Payment”).

1.5. Repacking. Sharer’s Station currently broadcasts on UHF television channel 27. The FCC has designated Sharer’s Station to relocate to UHF television channel 22 no later than April 12, 2019 (the “Repack Date”). Sharer agrees to make its best efforts to ensure that Station is constructed in accordance with the FCC’s rules no later than the Repack Date.

## ARTICLE 2: CAPACITY AND FCC LICENSES

2.1. Allocation of Bandwidth. Pursuant to the Channel Sharing Rules, upon commencement of the channel sharing contemplated by this Agreement, Sharer and Sharee shall share the 6 MHz Shared Channel (or 19.39 Megabits per second (“Mb/s”) as allocated under the current ATSC 1.0 system) according to the formula set forth on *Schedule 2.1*, which may be modified from time to time by mutual written agreement of the parties but which, at a minimum, shall provide that Sharer and Sharee shall retain spectrum usage rights adequate to ensure a sufficient amount of the Shared Channel capacity to allow it to provide at least one Standard Definition (“SD”) program stream at all times, where such bandwidth allocation is calculated on an average monthly basis using statistical multiplexing (“Stat Mux”) or a successor technology mutually agreed upon by the parties, as set forth in Schedule 2.1.

2.2. Encoding. In order to take advantage of a Stat Mux pool, Sharer and Sharee may implement a single common encoding pool.

### 2.3. Technical Changes.

(a) Mandatory Changes. In the event that the FCC requires new standards of modulation or other technical or other modifications to the operation of the Transmission Facilities or the Shared Channel, the parties will timely make any such modifications in compliance with such requirements established by the FCC. Sharee shall reimburse Sharer for its pro rata share (in accordance with the then-current capacity allocation) of the costs to implement such modulation or technical changes. In the event that such changes alter the available bandwidth on the Shared Channel, Sharer and Sharee will each have use of an equal portion of the available bandwidth following such modifications.

(b) New Transmission Technologies. Sharer and Sharee shall determine if and when to adopt or deploy the new modulation standard or transmission technology currently known within the television industry as ATSC 3.0 (“ATSC 3.0 Upgrade”) for the Shared Channel. Sharer shall provide Sharee with written notice six (6) months prior to its implementation of the ATSC 3.0 Upgrade. Any budget and timeline for implementing the ATSC 3.0 Upgrade shall be determined by Sharer and Sharee and shall comply with applicable FCC rules and regulations and meet generally accepted industry standards. Sharee shall reimburse Sharer for its pro rata share (in accordance with the then-current capacity allocation) of the costs to implement the ATSC 3.0 Upgrade provided that such costs must be approved previously by the parties. In the event that such changes alter the available bandwidth on the Shared Channel,

Sharer and Sharee will cooperate to divide the available bandwidth following the ATSC 3.0 Upgrade.

(c) Other Upgrades. Except as provided in Section 2.3(a) or (b), nothing in this Agreement is intended to prohibit either Sharer or Sharee from implementing new transmission systems or new technical standards for its station using the Shared Channel, unless any such new system or standard could reasonably be expected to (i) materially adversely affect the other party's station or the Shared Channel or (ii) require the other party to make a material change in its operations, in which event the other party's consent (not to be unreasonably withheld, delayed or conditioned) shall be required prior to implementing such new system or standard.

2.4. Transmissions. Each of Sharer and Sharee shall be responsible, at its sole expense, for transmitting its station's programming in a broadcast-ready final format to the Transmitter Site or other receive site designated by Sharer. Sharer shall transmit content provided by Sharee using the Shared Equipment. Except as provided herein, Sharer shall not alter the content provided by Sharee; provided, however that Sharer may (i) encode, compress or modulate the content as required to multiplex together Sharer and Sharee content streams using the parameters agreed to in this Agreement and (ii) combine the transmitted information into a common PSIP format for transmission as agreed to in this Agreement.

2.5. Use of Capacity. Each party shall have the right to use its allocated capacity on the Shared Channel in such party's sole discretion in accordance with the terms of this Agreement and all FCC rules and regulations, including without limitation broadcasting one stream or multiple streams and broadcasting content provided by third parties; provided that (i) a third party programmer shall not have the right to access the Shared Equipment without Sharer's prior written approval, and (ii) a party shall be responsible for all costs associated with adding additional program streams requested by it to the encoding pool. Sharer shall have the right, in its sole discretion to enter into additional channel sharing agreements within its allocated capacity provided that such additional channel sharing agreement shall not materially adversely affect the Sharee's station or the Shared Channel. Sharee shall not enter into additional channel sharing agreements within its allocated capacity.

2.6. FCC Licenses.

(a) Authorizations. Each of Sharer and Sharee represents and warrants to the other that it has obtained all main station FCC licenses necessary for its operations on its respective station as currently operated by it. Each of Sharer and Sharee shall maintain all such main station FCC licenses necessary to perform this Agreement in full force and effect during the Term. Each party will promptly notify the other of any material communications to or from the FCC that relate to either the Shared Channel or this Agreement. Neither party shall make any filing with the FCC to modify the Shared Channel without the prior written consent of the other party.

(b) Compliance with Law. Sharer shall comply with this Agreement, the Channel Sharing Rules, and with all FCC and other applicable laws with respect to its ownership and operation of Sharer's Station and its use of the Shared Channel, and Sharee shall comply

with this Agreement, the Channel Sharing Rules and with all FCC and other applicable laws with respect to its ownership and operation of Sharee's Station and its use of the Shared Channel. Sharer shall be solely responsible for all content it transmits on the Shared Channel, and Sharee shall be solely responsible for all content it transmits on the Shared Channel. The obligations of the parties under this Agreement are subject to the rules, regulations and policies of the FCC and all other applicable laws. In the event that the FCC adopts changes to the Channel Sharing Rules, the parties will undertake good faith negotiations to amend this Agreement in order to comply with such changes to the Channel Sharing Rules.

(c) Control. Consistent with FCC rules, Sharer shall control, supervise and direct the day-to-day operation of Sharer's Station (including Sharer's employees, programming and finances), and Sharee shall control, supervise and direct the day-to-day operation of Sharee's Station (including Sharee's employees, programming and finances), and nothing in this Agreement affects any such respective responsibilities. Neither Sharer nor Sharee shall hold itself out as the licensee of the other's television station using the Shared Channel, and nothing in this Agreement shall give either party an ownership interest in the other party's station. Neither Sharer nor Sharee shall use the call letters of the other's television station in any medium in a false or misleading manner or in a manner suggesting common ownership, control or association.

(d) FCC Fees. Each of Sharer and Sharee shall be responsible for timely payment of all fees owed by it to the FCC with respect to its television station using the Shared Channel. Each of Sharer and Sharee shall be responsible for its pro rata share of the joint fees, if any, assessed by the FCC on the Shared Channel in proportion to the then-current capacity allocation. For purposes of clarification, joint fees shall include only those fees directly imposed on the Shared Channel, and shall not include any fees assessed by the FCC against either party or station on a separate and individual basis. If Sharer pays Sharee's portion of any joint fees imposed on the Shared Channel, Sharee shall reimburse Sharer within twenty (20) days after invoice for its share of such fees.

(e) Cooperation. Each of Sharer and Sharee shall cooperate with the other in good faith as to any reasonable requests made by the other with respect to operation of or transition to the Shared Channel or the Transmission Facilities that do not deprive it of the benefits of this Agreement or require it to incur obligations or liabilities not contemplated by this Agreement. Neither Sharer nor Sharee shall take any action that interferes with or is reasonably likely to interfere with the other's use of capacity on the Shared Channel or the Transmission Facilities as contemplated by this Agreement.

2.7. Carriage Rights. Each party shall be solely responsible for exercising must-carry and retransmission consent rights (or any other right of distribution) for its respective station, and neither party shall have any use, claim, or benefit of, or derive any carriage rights from or have any obligation under any carriage agreement of the other party. If a party electing must-carry rights becomes subject to a "market modification" or similar petition filed by any MVPD with respect to carriage of its station subject to this Agreement, it shall, within five (5) business days of receipt, notify the other party and provide a copy of such petition.

### ARTICLE 3: OPERATIONS

3.1. Transmission Facilities.

(a) Transmitter Site. Subject to the Transmission Facilities Lease, Sharer shall provide Sharee with unlimited access to and use of the Shared Equipment during normal business hours and upon 24 hours notice outside of normal business hours. Sharee shall comply with and not act contrary to the terms of the Transmission Facilities Lease, permit to exist any lien, claim or encumbrance on the Transmission Facilities or make alterations to the Transmission Facilities (except in accordance with this Agreement). Sharee may use the Transmission Facilities only for the operation of its television station in the ordinary course of business and for no other purpose. Each of Sharer and Sharee shall comply in all material respects with all federal, state and local laws applicable to its operations using the Transmission Facilities. Each of Sharer and Sharee shall maintain, at its own expense, sufficient insurance with a reputable insurance company with respect to its use of the Shared Equipment and operations from the Transmitter Site during the Term and shall name the other party as an additional insured under such policies.

(b) Shared Equipment.

(i) A list of material items of Shared Equipment as of the date of this Agreement is attached as Schedule 3.1. Title to all such Shared Equipment shall remain with the party that owns such equipment as of the day before the Commencement Date, and the other party shall not move, damage, impair or interfere with such equipment. The shared use under this Agreement does not constitute a conveyance of title.

(ii) During the Term, subject to the expense sharing under Section 3.5, Sharer shall operate, maintain and repair the shared Transmission Facilities in accordance with past practice. If at any time the Shared Channel is off the air or operating at a reduced power level, Sharer shall use commercially reasonable efforts to return the Shared Channel to the air and restore power as promptly as possible.

(c) Exclusive Equipment. Sharee may install equipment owned solely by it at the Transmitter Site that is acceptable to Sharer (such consent not to be unreasonably withheld, delayed or conditioned) and is consistent with the Transmission Facilities Lease. Each of Sharer and Sharee shall, at its own expense, maintain, repair and replace any equipment owned or leased solely by it located at the Transmitter Site in accordance with past practice. Title to all such equipment solely owned by Sharer or Sharee shall remain with such party, and the other party shall not move, repair, damage or interfere with any such equipment.

(d) Contractors. All contractors and subcontractors of Sharee who perform any service for Sharee at the Transmitter Site shall hold licenses or governmental authorizations appropriate to and necessary for the work being performed. Any such contractor shall carry insurance issued by companies licensed in California. All contractors and subcontractors of Sharer who perform any service for Sharer at the Transmitter Site shall hold licenses or governmental authorizations appropriate to and necessary for the work being performed. Any such contractor shall carry insurance issued by companies licensed in California.

(e) Hazardous Materials. Each of Sharer and Sharee shall: (i) comply with all environmental laws applicable to its operations from the Transmitter Site, (ii) not cause or permit the release of any hazardous materials on, to or from the Transmitter Site in violation of any applicable environmental laws, (iii) not take any action that would subject the Transmitter Site to any permit requirements for storage, treatment or disposal of hazardous materials and (iv) not dispose of hazardous materials on the Transmitter Site except in compliance with applicable law.

3.2. Interference. Each of Sharer and Sharee shall use commercially reasonable efforts to avoid interference by its respective operations from the Transmitter Site and to promptly resolve any interference that arises in connection with such operation. In the event interference to such signals or operations does occur, the party experiencing interference shall notify the other party in writing and the party so notified shall take all commercially reasonable steps to correct such interference in all material respects as promptly as practicable, and in any event within two calendar days of notice of such interference. Neither Sharer nor Sharee may make changes or installations at the Transmitter Site or enter into any third-party arrangement that could reasonably be expected to impair or interfere in any material respect with the Shared Channel.

3.3. Cooperation. In the event it is necessary for Sharer or Sharee to reduce, limit or temporarily cease use of the Shared Equipment, the Shared Channel or its own equipment located at the Transmitter Site so that Sharer may install, maintain, repair, remove or otherwise work upon its broadcast equipment or the Shared Equipment at the Transmitter Site, Sharer and Sharee shall cooperate in a commercially reasonable manner. If necessary, Sharee shall temporarily reduce, limit or cease use of the Shared Equipment, the Shared Channel or its own equipment located at the Transmitter Site, provided that Sharer takes all reasonable steps to minimize the amount of time Sharee shall operate with reduced facilities and that Sharer takes all reasonable steps to schedule such installation, maintenance, repairs, removal or work at a commercially reasonable time convenient to Sharee.

3.4. Force Majeure. Neither party shall be liable to the other for any failure or delay in the performance of its non-monetary obligations under this Agreement to the extent that the default or delay is caused by an event outside of its reasonable control, including without limitation a fire, flood, earthquake, war, act of terrorism, labor dispute, government or court action, failure of facilities or act of God.

3.5. Expenses.

(a) Shared Costs. Sharee shall be responsible for its pro rata share (in accordance with the then-current capacity allocation) of the costs and expenses incurred by Sharer in the ordinary course of business with respect to the Transmission Facilities and the Shared Channel as set forth in Schedule 3.5, including without limitation, rent and other payments under the Transmission Facilities Lease, utilities for the Transmission Facilities, maintenance expenses with respect to the Transmission Facilities, costs associated with the microwave facility and ad valorem taxes with respect to the Transmission Facilities ("Shared Channel Costs"). In addition, Sharee shall reimburse Sharer for its pro rata share (in accordance with the then-current capacity allocation) of the costs and expenses related to equipment

purchases, equipment upgrades or other capital expenditures that Sharer and Sharee agree in good faith are reasonably necessary or desirable to improve, upgrade or otherwise alter the Transmission Facilities or any portion thereof. Any uninsured repair or replacement cost that is reasonably necessary to maintain operation of the Transmission Facilities as contemplated by this Agreement shall be shared by the parties in the same proportion as the then-current capacity allocation.

(b) Sole Costs. Each of Sharer and Sharee shall be solely responsible for its own insurance costs for the Transmission Facilities, costs to deliver its signal to the Transmitter site and cable headends, including any microwave or other link, any capital expenses related solely to its station using the Shared Channel and all of its own expenses not directly related to the Transmission Facilities, including but not limited to regulatory and music licensing fees and programming expenses.

3.6 Consultation Regarding Operational Matters. In order to address ongoing operational, technical or engineering issues that may arise following the Commencement Date, each party shall identify one or more officers or senior personnel with sufficient authority and technical experience to address such issues independently or otherwise expeditiously (the "Principal Liaisons"). The Principal Liaisons shall meet following the Commencement Date at such times as the parties may reasonably designate (but no less frequently than once every year), or upon the request of either party upon appropriate prior notice, to confer in good faith to address matters related to shared operations, including without limitation discussing technological, logistical or marketplace changes that may affect the Transmission Facilities, reviewing the technical parameters of this Agreement, discussing proposed capital expenditures and any outstanding invoices or payments under this Agreement, and generally facilitating cooperation with respect to channel sharing. Meetings of the Principal Liaisons may include such other employees or designees of a party as may be desirable.

#### ARTICLE 4: INDEMNIFICATION

4.1. General Indemnification. Subject to Section 4.3, each of Sharer and Sharee shall indemnify, defend and hold the other harmless from and against any and all loss, liability, cost and expense (including reasonable attorneys' fees) arising from: (i) any breach of any representation or warranty made by it under this Agreement, (ii) failure to comply with the covenants and obligations to be performed by it under this Agreement and (iii) its use of the Transmission Facilities or the Shared Channel. Neither party shall have any obligation or liability with respect to the other party's station, except as may be otherwise set forth in this Agreement with respect to certain shared expenses. The prevailing party in a lawsuit brought to enforce the performance or compliance of any provision of this Agreement shall be entitled to recover reasonable attorneys' fees and costs from the non-prevailing party.

4.2. Specific Indemnification. Without limiting the terms of Section 4.1, subject to Section 4.3:

(a) Sharee shall indemnify, defend and hold Sharer harmless from and against any and all loss, liability, cost and expense (including reasonable attorneys' fees) arising from

the termination by Sharee of its current transmitter site leases with respect to Sharee's Station;  
and

(b) each of Sharer and Sharee shall indemnify, defend and hold the other harmless from and against any and all loss, liability, cost and expense (including reasonable attorneys' fees) arising from the programming, advertising and operation of its television station using the Shared Channel, including without limitation for indecency, libel, slander, infringement of trademarks or trade names, infringement of copyrights and proprietary rights, violation of rights of privacy and other violations of rights or FCC rules or other applicable law.

4.3. Liability. With the exception of intentional, willful or malicious acts of one party against the other, in no event shall either party have any liability, whether based on contract, tort (including negligence or strict liability), warranty or any other legal or equitable grounds, for any punitive, consequential, indirect, exemplary, special or incidental loss or damage suffered by the other arising from or related to the performance or nonperformance of this Agreement, including loss of data, profits, interest or revenue or interruption of business, even if such party has been informed of or might otherwise have anticipated or foreseen the possibility of such losses or damages.

4.4. Indemnification Procedures. The party seeking indemnification hereunder will (i) give the indemnifying party notice of the relevant claim, (ii) cooperate with the indemnifying party, at the indemnifying party's expense, in the defense of such claim and (iii) give the indemnifying party the right to control the defense and settlement of any such claim, except that the indemnifying party shall not enter into any settlement without the indemnified party's prior written approval. The indemnified party shall have no authority to settle any claim on behalf of the indemnifying party.

4.5. Survival. The parties' obligations under this Article 4 shall survive any termination or expiration of this Agreement.

## ARTICLE 5: TERMINATION AND REMEDIES

### 5.1. Termination.

(a) Breach. Either party may terminate this Agreement by written notice to the other party in the event of a material breach of or default under this Agreement which is not cured within sixty (60) days after written notice of such breach or default. For purposes of this Agreement, a material breach or default under this Agreement shall be defined as a breach of a material obligation of a party under this Agreement that (A) results in a fundamental impairment of a party's ability to broadcast its programming on the Shared Channel, (B) is a default of an undisputed payment obligation under this Agreement or (C) results in material damage to the Transmission Facilities.

(b) Failure to Commence. Either party may terminate this Agreement by written notice to the other party if the Commencement Date has not occurred on or before the date sixty (60) days after grant of the shared construction permit except if the Commencement

Date has not occurred due to breach of this Agreement, negligence or willful misconduct on the part of the party seeking to terminate the Agreement.

(c) Loss of License. If a party's FCC license to use the Shared Channel is voluntarily or involuntarily revoked, rescinded, relinquished, canceled, withdrawn, surrendered, not renewed, or otherwise terminated for any reason, then simultaneously therewith such party's spectrum usage rights for the Shared Channel shall revert to the other party and this Agreement shall terminate. The parties shall make and prosecute such FCC filings and take such further actions as applicable and as may be reasonably necessary for the remaining licensed party to assume such spectrum.

(d) Surrender of License. Either party may elect to surrender its license at any time and terminate this Agreement; provided however, that any owner or holder of any interest in the Transmission Facilities who makes such election shall provide the other party a reasonable opportunity to acquire such interest on fair market terms reasonably prior to any such termination, and in no event may either Party terminate this Agreement without providing at least ninety (90) days prior written notice to the other. The parties shall make and prosecute such FCC filings and take such further actions as applicable to effectuate this section.

(e) Early Termination Window. At any time after January 1, 2021, Sharee may elect to accelerate the termination date of this Agreement by providing sixty (60) days written notice to the Sharer.

(f) Bankruptcy. Sharer may terminate this Agreement by written notice to Sharee upon (i) the filing of an involuntary petition in bankruptcy against Sharee which is not dismissed within sixty (60) days of the date of filing, (ii) Sharee making an assignment for the benefit of creditors or (iii) Sharee's dissolution or ceasing to do business. Sharee may terminate this Agreement by written notice to Sharer upon (i) the filing of an involuntary petition in bankruptcy against Sharer which is not dismissed within sixty (60) days of the date of filing, (ii) Sharer making an assignment for the benefit of creditors or (iii) Sharer's dissolution or ceasing to do business.

(g) Surrender of Facilities. Within thirty (30) days of the end of the Term (or upon any earlier termination of this Agreement under circumstances other than revocation or surrender of Sharer's license under Section 5.1(c) or (d)), Sharee shall vacate the Transmitter Site, move all of its assets and employees (if any) from such site, surrender the Shared Equipment in substantially the same condition existing on the date of commencement of the Term (reasonable wear and tear excepted), and return all keys and other means of entry to Sharer.

(g) Survival. No termination shall relieve a party of liability for failure to comply with this Agreement prior to termination. Notwithstanding anything herein to the contrary, Article 4, Sections 3.5, 6.1 and 6.10 and all payment obligations arising prior to termination shall survive any termination of this Agreement.

5.2. Specific Performance. In addition to any other available remedies, in the event of failure or threatened failure by a party to comply with the terms of this Agreement, the other party shall be entitled to an injunction restraining such failure or threatened failure and, subject to obtaining any necessary FCC consent, to enforcement of this Agreement by a decree of specific performance requiring compliance with this Agreement.

5.3. Remedies Cumulative. All rights and remedies provided in this Agreement are cumulative and not exclusive of any other rights or remedies that may be available to the parties, whether provided by law, equity, statute, in any other agreement between the parties or otherwise.

5.4. Wind-Down Period. In the event this Agreement is terminated, Sharee shall be permitted to continue to share spectrum on the Shared Channel on the terms provided in Article 2 for a period sufficient for Sharee to find a new channel sharing host, such period not to exceed one (1) year and shall not extend beyond December 31, 2021 (the “Wind-Down Period”).

#### ARTICLE 6: MISCELLAENOUS

6.1. Confidentiality. Subject to the requirements of applicable law, all non-public information regarding the parties and their respective businesses and properties that is disclosed by one party to the other in connection with the negotiation, execution or performance of this Agreement (including without limitation any financial information) shall be confidential and shall not be disclosed to any other person or entity, except on a confidential basis to the parties’ representatives. No party shall issue or cause the publication of any press release or other public statement relating to this Agreement or disclose the existence of or details regarding this Agreement to any unaffiliated third party without the prior written consent of the other party. Notwithstanding anything to the contrary herein, the parties acknowledge that Sharee will be required to submit this Agreement with its application for a construction permit to channel share. This Section shall survive any termination or expiration of this Agreement.

6.2. Authority. Each of Sharer and Sharee represents and warrants to the other that (i) it has the power and authority to enter into this Agreement and to consummate the transactions contemplated hereby, (ii) it is in good standing in the jurisdiction of its organization, (iii) it has duly authorized this Agreement, and this Agreement is binding upon it and (iv) the execution, delivery, and performance by it of this Agreement does not conflict with, result in a breach of, or constitute a default or ground for termination under any agreement to which it is a party or by which it is bound.

6.3. Assignment. Sharer may assign this Agreement to any assignee or transferor of Sharer’s Station. Sharee may assign this Agreement to the assignee or transferor of Sharee’s Station with the prior written consent of the Sharer. Sharee may also designate a separate single-manager owned limited liability company to assume this Agreement (an “Sharee Designee”). Assignment of this Agreement to a Sharee Designee shall be subject to Sharer’s consent, provided that such consent shall be withheld only in the event that assignment to the Sharee Designee would, in Sharer’s reasonable judgement, materially adversely affect performance of Sharee’s obligations under this Agreement. Sharee shall provide 30 days written notice to Sharer of an assignment. Notwithstanding the foregoing, either party may assign this agreement to an

The prevailing party in a lawsuit brought to enforce the performance or compliance of any provision of this Agreement may recover reasonable attorneys' fees and costs from the non-prevailing party.

6.8. Consent to Jurisdiction; Jury Waiver; Attorney's Fees. With respect to any suit, action or proceedings relating to or arising out of this Agreement ("Proceedings"), each party irrevocably: (i) submits to the exclusive jurisdiction of the courts of the State of California and the United States District Court located in Los Angeles County, and (ii) waives any objection which it may have at any time to the laying of venue of any Proceedings brought in any such court, waives any claim that such Proceedings have been brought in an inconvenient forum and further waives the right to object, with respect to such Proceedings, that such court does not have any jurisdiction over such party. ALL ISSUES, MATTERS, AND DISPUTES BETWEEN THE PARTIES CONCERNING THIS AGREEMENT SHALL BE TRIED BY A JUDGE IN A NON-JURY TRIAL AND THE PREVAILING PARTY SHALL BE ENTITLED TO AN AWARD OF ITS REASONABLE ATTORNEYS' FEES AND ALL COURT COSTS INCURRED IN SUCH REGARD, INCLUDING THOSE ATTORNEYS' FEES AND COSTS INCURRED FOR ANY AND ALL APPLICABLE APPELLATE PROCEEDINGS.

6.9. Issue Resolution Process. In the event of any controversy or claim arising out of or relating to this Agreement, the parties shall consult and negotiate in good faith with each other and, recognizing their mutual interests, attempt to reach a solution satisfactory to the parties through consultations among their respective senior executives. If the issue remains unresolved for a period of sixty (60) days, then the parties may elect to submit the disputed matter to a mutually agreeable independent third party with substantial experience and expertise in the

business and operation of television broadcast stations to serve as a non-binding mediator, with the costs of such third party mediator to be split equally between the parties.

6.10. Tax Matters. If either party (an “Electing Party”) elects to treat the spectrum so acquired or disposed pursuant to this Agreement as property transferred in a like-kind exchange pursuant to Section 1031 of the Internal Revenue Code of 1986, as amended, the Electing Party shall notify the other party of such election in writing, after which the non-electing party shall undertake all actions reasonably requested by the Electing Party, at Electing Party’s sole expense, in connection with the Electing Party’s like-kind exchange, including consenting to Electing Party’s transfer of its rights in this Agreement to a “qualified intermediary,” as defined in Treasury Regulation Section 1.1031(k)-1(g)(4); provided, however, that such actions do not impose any unreimbursed liabilities, including any monetary obligations or costs, on the non-electing party and do not release either party from its obligations under this Agreement.

6.11. Miscellaneous. This Agreement may not be amended except in a writing executed by both parties. No waiver of compliance with any provision hereof or consent pursuant to this Agreement shall be effective unless evidenced by an instrument in writing signed by the party against whom enforcement of such waiver or consent is sought. No party shall be authorized to act as an agent of or otherwise to represent the other party to this Agreement. Except as expressly set forth in this Agreement, each party shall be solely responsible for all costs and expenses incurred by it in connection with the negotiation, preparation and performance of and compliance with the terms of this Agreement. This Agreement (including the Schedules hereto) constitutes the entire agreement and understanding among the parties hereto with respect to the subject matter hereof and supersedes all prior agreements and understandings with respect to the subject matter hereof. Neither party makes any representation or warranty with respect to the transactions contemplated by this Agreement except as expressly set forth in this Agreement. This Agreement may be executed in separate counterparts.
