**Re: Assignment of Virtual Channel 15
WYCN-CD, Nashua, New Hampshire (FIN 9766)**

Dear Mr. Hashemzadeh:

NBC Telemundo License LLC (“NBC”) hereby respectfully requests that the Commission assign “virtual” channel 15 for use by digital class A television station WYCN-CD, Nashua, New Hampshire (FIN 9766), pursuant to ATSC A/65C, ATSC Program and System Information Protocol for Terrestrial Broadcast and Cable, Revision C With Amendment No. 1 dated May 9, 2006, (“PSIP Standard”).¹ NBC is the proposed assignee of WYCN-CD,² and the FCC granted a construction permit for the station to channel share with WGBX-TV, Boston, Massachusetts (FIN 72098).³ It is requested that the assignment of virtual channel 15 to WYCN-CD be effective upon consummation of the transaction in which NBC will acquire the station and WYCN-CD commences shared channel operations.

The assignment of virtual channel 15 to WYCN-CD is appropriate and such designation is consistent with Annex B, Section B.1.1 (4) of the PSIP Standard, which provides that a station with a virtual channel conflict is to use the RF channel of the station causing the conflict.

¹ Section 73.382(d) of the FCC’s rules generally require digital broadcast televisions signals to comply with the PSIP Standard. The most recent version of the PSIP Standard, dated August 7, 2013, is *available at* <http://atsc.org/standard/a652013-program-and-system-information-protocol-for-terrestrial-broadcast-and-cable/>.

² See FCC File No. BAL-20171027AAF.

³ See FCC File No. 0000033937; granted October 23, 2017.

In the case of WYCN-CD, the station's current virtual channel 13 is not available for use by the station once shared channel operations begin because the post-auction contours of WYCN-CD and WGME-TV, Portland, ME (FIN 25683) will overlap. WGME-TV is currently on RF channel 38, repacked to RF channel 15, and is assigned virtual channel 13.

Accordingly, the assignment of virtual channel 15 is consistent with Annex B, at Section B.1.1 (4).⁴

Respectfully submitted,

Margaret L. Tobey

⁴ WGME-TV's current RF channel 38 is not available for use as a virtual channel by WYCN-CD due to a conflict with WSBK-TV, Boston, Massachusetts (FIN 73982), which is assigned virtual channel 38.
