

**Channel Sharing Transition PSA and Crawl  
Regarding WRLM, Channel 47, Canton, Ohio**

\* \* \* \* \*

The FCC recently held a Spectrum Auction to help improve and expand wireless services across the country. Pursuant to this Spectrum Auction, at midnight on January 23, 2018, WRLM, will cease multi-channel broadcasting operations from its transmitter facility in Brimfield, Ohio and will begin permanent channel sharing operations with television station WEAO from its broadcast facilities in Copley, Ohio, approximately 15 miles west of WRLM's present location. This change will only affect you if you obtain TV service utilizing an over-the-air antenna. If you subscribe to a cable, internet or satellite TV provider, they will make the necessary changes for you to continue receiving WRLM. However, if you have over-the-air TV, you may need to re-scan your TVs tuner to reacquire WRLM's 47.1 channel. For more information on how to rescan for channels and insure closed captioning reception, visit the FCC's online guide, which includes an instructional video, at [www.fcc.gov/rescan](http://www.fcc.gov/rescan), or call WRLM at (330) 920-9756.
