Subject: Re: Interference report for channel 22 @ Malad

Attention Rich. Oneida County Translator district is aware of any possible adjacent channel interference. Tests have already been conducted. It works. We accept any possible interference that it may cause with our transmit and receive channels.

Sincerely,

William Jaussi, Field engineer technician

Norman Jaussi Field engineer and control operator,

Gary Hess, Board chairman

Will,

I really doesn't look too peppy, but if you guys agree to it, then I guess Hossein should let it fly as is...

I will need a letter from Oneida that looks somewhat official before I can file this..
