

Station KLEI-TV, Kailua-Kona, Hawaii
Request to Stay Silent Temporarily

Station KLEI-TV is in the process of modifying its main studio in order to facilitate station operations, primarily by relocating its studio to a site closer to a fiber connection that will permit more convenient, cost-effective delivery and distribution of the station's programming. As of May 13, 2018, the station has been taken off the air temporarily in connection with that process. The licensee anticipates that the relocation will take less than 90 days.
