

K46IW Ch 28
FI 167918

The channel assignments requested in this application are part of a coordinated statewide TV translator plan throughout the state of Utah. Working with all parties, the engineering community has created a comprehensive plan that will relocate both in and out of band channels to create a working translator network. While little or no interference issues are anticipated, all parties have agreed to settle any perceived interference issues among themselves.

Environmental Statement:

Antenna is installed on an existing tower and the equipment installed in an existing building. No construction is involved.

Non-ionizing radiation at ground level head height is less than the allowable public exposure limit. No special precautions required.

TVStudy predicts interference to this application from K29KD-D Ch 29. K29KD-D is licensed to the applicant and is co-located with this application. The applicant will sort out any interference that may occur in practice.

Respectfully submitted,

B. W. St. Clair
Engineering Consultant
