

K35IP Ch 17
FI 167930
Amendment

The channel assignments requested in this application are part of a coordinated statewide TV translator plan throughout the state of Utah. Working with all parties, the engineering community has created a comprehensive plan that will relocate both in and out of band channels to create a working translator network. While little or no interference issues are anticipated, all parties have agreed to settle any perceived interference issues among themselves.

All the channels at Scipio are being changed to interface with the rest of the translator network. This station is changing channel because K40IW-D is changing to Ch 35 in Delta, UT.

Respectfully submitted,

Susan Hansen
