**K38NM-D Request for STA Operations on Channel 26**

Rural Oregon Wireless Television, Inc. ("ROWT") hereby requests Special Temporary Authority for television translator station K38NM-D, Madras, Oregon to operate temporarily on Channel 26 using the technical parameters specified in ROWT's pending displacement application (**LMS File No. 0000053674**) submitted for the station during the Special Displacement Window (the "Displacement Application").

ROWT has received a 120-day notification letter from a 600 MHz band licensee advising that its operations will commence on September 25, 2018 (see 120-day letter attached separately). Accordingly, pursuant to the Commission's Public Notice in *Incentive Auction Task Force and Media Bureau Set Forth Tools Available to LPTV/Translator Stations Displaced Prior to the Special Displacement Window*, Public Notice, 32 FCC Rcd 4943 (MB 2017), ROWT respectfully requests Special Temporary Authority to operate immediately on Channel 26 with the proposed technical parameters specified in the Displacement Application pending such application's processing and grant.
