In Re: K51AH-D
Displacement Call Sign K16LZ-D
Facility Id 36348

Hossein,

San Juan County is the Licensee of K16HJ-D which is in Oljeto, Utah. With regards to interference from the proposed application for K16LZ-D, San Juan County will accept any interference from K16LZ-D that may occur. San Juan County believes there is terrain shielding for the residents of Oljeto, Utah from K16LZ-D.

The distance between K16HJ-D and K16LZ-D is almost 100 miles.

K16HJ-D has been coordinated with the Utah State Repack Plan, and we will work with Garfield County if any interference may occur.

Sincerely,

Wayne Johnson
