

Extraordinary Circumstances

We were displaced from Channel 48 due to T-Mobile and the Spectrum Auction. We have applied for channel 21 and were recently granted a legal STA to operate on Ch 21. We are currently awaiting approval from the tower company to make sure it will hold the line and antenna proposed. Once given approval we will move forward with equipment purchases.

In the mean time we request to be silent from Channel 48 in order to not impede T-Mobile's efforts.
