RE: WICD-TV Phase 0 Project

Gentlemen,

At your request, we have evaluated our current and proposed field resource capabilities to include the WICD-TV antenna installation project.

This early move project for WICD will not impact our ability to deliver our previously scheduled projects and their Phase implementation.

We can meet the delivery date to allow WICD to transition by September 1, 2018.

Please let me know if you have additional questions.

Regards,

Donald Doty
Business Development Manager
