This report has been reviewed and approved by the engineering team of the licensee, acting under the instruction of Mr. Bert Ellis, CEO of the licensee. Mr. Ellis, the only officer of the company authorized to sign this document for the licensee, had intended to review and approve the final version of the report, but is travelling and, due to unanticipated difficulties in wi-fi reception, has been unreachable to confirm that that he has been able to do so. Once Mr. Ellis is reachable, the document will be updated to reflect his review.
