

PURPOSE OF STA

The purpose of this STA application is to allow the KASW-DT facility to temporarily operate with alternate parameters on its pre-transition channel (49) using an AUX transmitter while the new post-transition Phase 1 facility is built-out. The proposed KASW interim facility will completely encompass its community of license with the F(50,90) 48.0 dBu principal community contour and will not exceed its licensed F(50,90) 41.91 dBu protected noise limited contour in any azimuthal direction (see showing below).

KASW-D49 LIC vs. KASW-D49 STA

CERTIFICATION
