

Request for Special Temporary Authority

DTV America Corporation (“DTV”) respectfully requests Special Temporary Authority (“STA”) to operate KPMF-LD (Paragould, AR; Facility: 188801) (“KPMF-LD”) utilizing the associated engineering specifications.

DTV is operating in a resource-constrained environment due to the ongoing 600 MHz Incentive Auction repacking process. Broadcast station licensees currently have access to far fewer resources than they would have otherwise, a factor that the FCC and its bureaus acknowledged could become an issue when designing the repacking process to facilitate this “once-in-lifetime opportunity to expand the benefits of mobile wireless coverage.”¹
