RE: Station

Dear Mr. Cavazos,

I am writing in response to your inquiry concerning the timing of the delivery of the antenna and transmission line for K50LZ-D of San Luis Obispo, CA, as required by the FCC in the currently assigned repack timetable.

By way of this letter, we confirm that advancing the delivery of the antenna and transmission line to the timetable for Phase 2, may be accomplished without causing any of our other current orders to incur a delay that would impact detrimentally on their compliance with the repacking schedule.

Please let me know if you have any questions regarding this matter.

Sincerely,

A handwritten signature in black ink, appearing to read "Jay Martin", written over a large, stylized loop.

Jay Martin, Vice President Sales
