RE: Extraordinary Circumstances for a CH. 36 STA at Fruita, Utah (Capitol Reef National Park)

Fruita, Utah the location of Capitol Reef Nat'l Park, is located in Wayne County Utah. There is a need to serve the residents of Fruita and the tourists who visit this area with a PBS station (KUED) The proposed STA request is for a channel 36. If granted, this STA would be renewed every six months or until Wayne County can file for a construction permit.

Wayne County asks for your consideration in this request.

Respectfully,

A handwritten signature in purple ink, appearing to read "Mauri Parsons". The signature is written in a cursive style with a large loop at the top.

Wayne County Technical Representative
