

REQUEST FOR WAIVER FOR DISPLACEMENT APPLICATION

KZFC-LP

WINDSOR, CO

Scripps is proposing that KZFC-LP displace to the pre-auction channel for KTFD-DT (Ch. 26) which is scheduled to transition to its post-auction channel (Ch. 28) in Phase 2 (construction deadline of April 12, 2019). Scripps respectfully requests a waiver of the contingent application rule (Part 73.3517). Displacing KZFC-LP to Ch. 26 is necessary as no other available channel could be identified for KZFC-LP which satisfies the FCC interference requirements to full-service, Class A and non-displaced LPTV/translator stations. Scripps agrees to the condition that it will not begin operating KZFC-LP on Ch. 26 prior to KTFD-DT discontinuing its operation on Ch. 26.
