

American Christian Television Services, Inc.  
WOIW-LD, Lima, Ohio  
Facility ID No. 74373  
Exhibit 1  
February 2019

**Notice of Resumption of Operation**

American Christian Television Services, Inc. ("ACTS"), the licensee of low power station WOIW-LD, Lima, Ohio (previously W23DE-D), hereby notifies the Commission that the facility has returned to normal operation, effective February 27, 2019, at the parameters of its displacement construction permit for Channel 17 (File No. 0000551874). A covering license application will be filed in the next several days.

ACTS had been silent pursuant to Special Temporary Authority granted August 30, 2018. ACTS currently has a pending request for extension of the silent authority STA, filed February 21, 2019, but that request is now rendered moot by the return of WOIW-LD to operation.
