

## TECHNICAL EXHIBIT

### DIGITAL MINOR MODIFICATION APPLICATION

FACILITY: WBUD-LD, FI 125850

ATLANTA, GA

VINIONS, LLC.

Existing FCC file number 0000054672; LICENSE 0000004267

Pursuant to the 4/18/2019 window announced by the Commission regarding the above entitled LPTV/Translator displacement filing arising from the incentive auction 600 MHz TV band repack, the within APPLICATION is filed in connection with the initial filing. It makes the following changes to CP 0000054672:

1. Facility's pattern, HAMS L and location is changed; FULL SERVICE MASK employed.
2. Antenna is PSI, PSILP16BH, electrical beamtilt 2°, see tabulation.
3. ERP is changed to 15.0 kW.
4. Antenna is to be located at tower ASR 1223132; orientation 330° at 200.0M AGL.

No other changes are to be made. NIER is less than 5% of the limit for this service; no new tower construction or changes are planned. In keeping with the original plan, RF hazard warning signage and appropriate access limits are employed.

Using the specified equipment, pattern and ERP, the application is in compliance with all pertinent portions of §74.793 with respect to all other existing part 73 and part 74 licenses, permits and applications known as of the time of filing; however, as a station in the LPTV or TX service which is displaced into the core or otherwise required to modify its facilities in accordance with the presence of an incoming repacked full service station assigned to its previous channel, the within applicant agrees, if necessary, to not operate on the channel or with the service proposed in the within application until any potentially mutually interfering repacked full service station or stations have left their channels pursuant to the relevant phase assignment(s) and further agrees to accept nominal amounts of interference from permits or licenses in existence at the time of this filing.

Further, this applicant is jointly owned with Prism Broadcasting Network, licensee of WTBS-LD. Mutual interference is predicted to occur at the time of filing; Prism and Vinions agree to accept such mutual interference from one another's facility with the intent of resolving it prior to actual construction of either facility with the intent of no diminution of service to the public.
