

**HC2 LPTV Holdings, Inc.
Request for Silent Special Temporary Authority
KCCX-LD (FCC Facility ID No. 68454)**

DESCRIPTION OF CIRCUMSTANCES

HC2 LPTV Holdings, Inc. (“*Licensee*”) licensee of Station KCCX-LD, Corpus Christi, TX, Facility ID No. 68454 (“*Station*”) hereby provides notice that the Station was taken off the air on April 12, 2019. Licensee hereby requests special temporary authority (“*STA*”) for the Station to remain silent for up to 180 days and will return the station to broadcast operations as soon as possible.

The Station was taken off the air as part of the process of collocating the station with station K20JT-D, also owned by Licensee. As part of the collocation of broadcast facilities, both stations had to be temporarily taken off the air while the Licensee continues to evaluate engineering solutions associated with the new master antenna for the stations. The stations have engaged consulting engineers to resolve these ongoing master antenna issues, and the Licensee plans to resolve these issues as soon as possible. Out of an abundance of caution, the Licensee respectfully requests a 180-day STA to remain off the air. The Licensee intends to keep FCC staff informed regarding the Station’s progress going forward, including the possible modification of the Station’s construction permit.

The grant of the proposed STA extension will serve the public interest by providing the Station with needed additional time for the station to go on-air to provide service to the public. For these reasons, the licensee respectfully requests that the Media Bureau expeditiously grant the Licensee’s request for an STA.
