

Outreach Efforts

iHeartMedia stations strive for broad and inclusive outreach. Examples of the efforts made by stations in this employment unit include participating in local job fairs, speaking at local high schools to promote careers in broadcasting and training for current personnel to advance their careers in the industry.

For additional information concerning the outreach efforts undertaken by stations in this employment unit, see the attached EEO Public File Reports.

During the two-year period covered by this Broadcast Equal Employment Opportunity Program Report, the stations have experienced no notable difficulties in our outreach efforts as of the date of this application.
