

### **Outreach Efforts**

iHeartMedia stations strive for broad and inclusive outreach. Examples of the efforts made by stations in this employment unit include developing relationships with several local schools and community groups to promote career opportunities in broadcasting. We have hosted student groups for station tours and have participated in numerous speaking engagements throughout the community.

For additional information concerning the outreach efforts undertaken by stations in this employment unit, see the attached EEO Public File Reports.

During the two-year period covered by this Broadcast Equal Employment Opportunity Program Report, the stations have experienced no notable difficulties in our outreach efforts as of the date of this application.
