

The licensee has carefully reviewed the station's online public inspection file to assure that items filed with the Commission and required to be placed in the online public inspection file have populated in it and that items required to be uploaded to the online public inspection file have been as of this time. The station did not upload all items required to be uploaded to the station's online public inspection file in a timely fashion, but is redoubling its efforts to meet all public inspection file deadlines. Based on this review, the licensee certifies that to the best of its knowledge, information and belief the station's online public inspection file is now complete.

The licensee requested an extension of time to file its 2017 biennial ownership report and believed it had done so. In preparing this the license renewal application, only its second filing in the new LMS system, it was noted that the form was not in a submitted status and that was corrected. It was noted that filing of a biennial ownership report for 2015 does not appear to have been completed, however, the ownership information reported has not changed since prior filings.
