RE: KGRY-LD Gila River Indian Community, AZ, Facility ID 187744

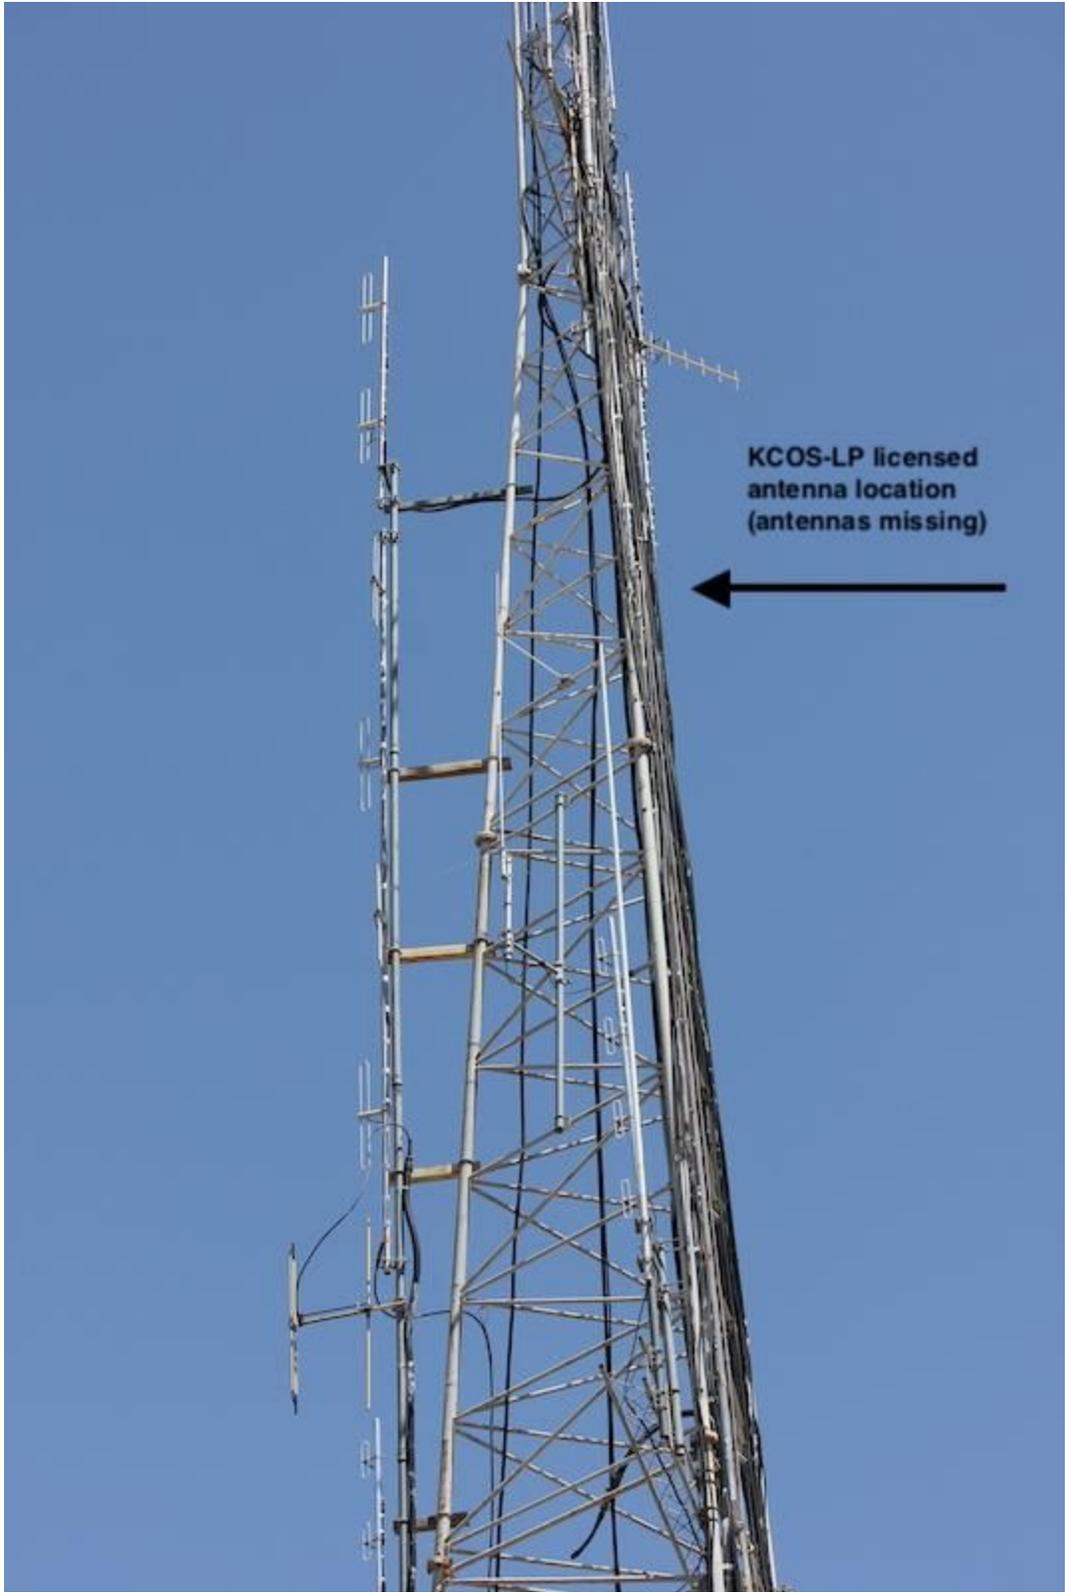

Dear Mr. Hashemzadeh,

The recent grant of a Displacement Modification to move KGRQ-LD Gila River Indian Community and operate on channel 21 has caused its signal to overlay the area previously covered by KGRY-LD, which has been silent since November 30, 2018, with a subsequent grant of a Silent STA. Therefore, Gila River Telecommunications, Inc., licensee of KGRY-LD, hereby request that you permanently CANCEL the license of KGRY-LD and associated Silent STA.

Sincerely,

A handwritten signature in black ink that reads "Gary L. Stigall". The signature is written in a cursive, flowing style.

Gary L. Stigall  
Signal Wiz Broadcast Contract Engineer
