Subject: Earlier Transition Impact on Rohde & Schwarz

Project: KNCT

Dear Mr. Larry Brown,

Rohde & Schwarz USA is aware that KNCT is in the process of requesting a waiver and/or Special Temporary Authorization to perform the transition of KNCT to an earlier Phase.

This letter is to confirm that the earlier transition of KNCT will not impair the ability of Rohde & Schwarz to provide the required transmitter and resources to other phase stations to complete their own transitions.

You and your staff at KNCT are permitted to share this letter with the FCC as required.

Sincerely,

A handwritten signature in black ink, consisting of several loops and a long horizontal stroke extending to the right.
