

### **Exhibit STA Application**

This amendment is being submitted to provide an explanation of the circumstances for the special temporary authority requested by the instant application (“Application”).

Radio Perry, Inc., Debtor-in-Possession (“Radio Perry”), licensee of commercial television station WPGA-TV, respectfully requests that the Federal Communications Commission grant special temporary authority for Radio Perry to operate a temporary facility (“Temporary Facility”) at the technical parameters specified in the Application in order to facilitate WPGA-TV’s post-auction transition to channel 23. Radio Perry is unable to complete construction of its post-auction facility on channel 23 as specified in its outstanding construction permit, LMS File No. 0000028377 (“Main Channel 23 Facility”), by the June 21, 2019 deadline.<sup>1</sup> Grant of the Application will enable WPGA-TV to transition to channel 23 by June 21 using the Temporary Facility while it completes construction of the Main Channel 23 Facility. By authorizing this Application, WPGA-TV will be able to serve its viewers on channel 23 with the Temporary Facility, thereby minimizing the disruption that viewers would otherwise experience if WPGA-TV were required to cease broadcasts on June 21, 2019 (which would be the case in the absence of a grant of the requested special temporary authority). Accordingly, grant of the Application is in the public interest.

---

<sup>1</sup> See LMS File No. 0000068677 (seeking extension of construction permit deadline due to lack of cash flow or other financial resources as a result of pending bankruptcy proceeding involving Radio Perry).
