Re: Notification of Resumption of Full Power Operation
Nebraska Educational Telecommunications Commission
NCE Station KHNE-TV, Hastings, NE (Facility ID 47987)

On behalf of Nebraska Educational Telecommunications Commission ("NETC"), licensee of noncommercial educational television Station KHNE-TV, Hastings, Nebraska, we hereby inform the Commission that KHNE-TV has resumed full power operation following a brief period of reduced power operation.

By online filing in FCC File No. 0000073664, NETC notified the Commission that KHNE-TV had been operating at a reduced power since May 28, 2019 in connection with the implementation of the replacement of the station facility's transmitter for the build-out of the minor change facilities authorized in FCC File No. 0000035896. NETC now notifies the Commission that KHNE-TV has resumed full power operation as of June 15, 2019 in accordance with the construction permit authorization in FCC File No. 0000035896. A license to cover application for that permit will be filed separately.

NETC is a noncommercial educational licensee and operates KHNE-TV on a noncommercial educational basis. Moreover, NETC is a governmental entity. The licensee is therefore exempt from FCC filing fee and regulatory fee requirements for KHNE-TV, pursuant to Sections 1.1116 and 1.1162 of the Commission's rules. Should any questions arise regarding this matter, kindly contact this office.

Very truly yours,

/s/ Barry S. Persh
Counsel for Nebraska Educational
Telecommunications Commission
