

TECHNICAL EXHIBIT
DISPLACEMENT APPLICATION

FACILITY: K46KI-D, FI 56702
WOODY CREEK, CO
PITKIN COUNTY TRANSLATOR DEPARTMENT.
Existing FCC file number BLDTT-20100308AAH

Pursuant to the 4/18/2019 window announced by the Commission regarding the above entitled LPTV/Translator displacement filing arising from the incentive auction 600 MHz TV band repack, the within application is filed in connection with the initial filing. The application makes the following changes:

1. Channel is displaced to 14, STRINGENT MASK
2. Antenna is KAT K723147 ARRAY, NO TILT.
3. ERP is to be 0.060 kW.
4. Antenna is to be located at same tower ASR 1242304; orientation as tabulated at 9.0M AGL.

No other changes are to be made. NIER is less than 5% of the limit for this service; no new tower construction or changes are planned. In keeping with the original plan, RF hazard warning signage and appropriate access limits are employed.

Using the specified equipment, pattern and ERP, the application is in compliance with all pertinent portions of §74.793 with respect to all other existing part 73 and part 74 licenses, permits and applications known as of the time of filing; however, as a station in the LPTV or TX service which is displaced into the core or otherwise required to modify its facilities in accordance with the presence of an incoming repacked full service station assigned to its previous channel, the within applicant agrees, if necessary, to not operate on the channel with the service proposed in the within application until any potentially mutually interfering repacked full service station or stations have left their channels pursuant to the relevant phase assignment(s) and further agrees to accept nominal amounts of interference from permits or licenses in existence at the time of this filing. K46KI-D is co-owned with K140V-D and K15IF-D; each of these agrees to accept incoming interference from the others with intent to resolve it in due course.
