Public File Materials  
Discrepancy in Upload Due Date

Due to an administrative oversight, the Issues and Program list for the First Quarter 2018 was uploaded on April 14, 2018, rather than the due date of April 10, 2018.

All other documentation required by 47 C.F.R. Section 73.3526 or 73.3527, as applicable, has been uploaded to the station's public inspection file when required.
