In Re: Special Temporary Authority
For Station WVLR
Tazewell, Tennessee
Application File No. 0000080341
Fac Id: 81750

Dear Licensee:

This is in reference to your August 14, 2019 request seeking special temporary authority (STA) to operate TV station WVLR, Tazewell, TN, on its post-transition channel on a low-power antenna at reduced power while the station's main antenna and transmission line are installed and the station's channel 36 facility is completed and made operational.

After a thorough review of your technical specifications, we are persuaded that no interference is likely to occur from the proposed operation. We therefore conclude that the public interest would be served by the grant of this request. If problems do arise, we expect them to be solved expeditiously and the Bureau reserves the right to require the termination of the operation.

With respect to radio frequency radiation (RFR), we expect compliance with Section 1.1307(b) of the Commission's Rules to be achieved.

In light of the above, special temporary authority IS GRANTED pursuant to Section 73.1560(d) and 73.1635 of the Commission's Rules. This authorization expires on **January 16, 2020**.

Sincerely,

A handwritten signature in black ink, appearing to read "Kevin R. Harding", is written over the typed name and title.
