

Notification of Reduced Power Operation

Word of God Fellowship, Inc., the licensee of television station WNYI(TV), Ithaca, New York, hereby notifies the Commission that it has been operating at reduced power since August 2, 2019. Upon commencing service on its post-auction facilities, WNYI(TV) determined that its air conditioning system cannot support the heat generated by its new transmitter. The station is operating below 1kW TPO.

WNYI(TV) is currently working to make the necessary repairs to the cooling system in order to return to the station to full power operation. If repairs are not completed by August 30, 2019, a Request for Special Temporary Authority will be filed with the Commission.
