

### Reason for Amendment

This report was originally filed on April 8, 2019. The station is updating the report to correct the times for the digital core programs aired on the station's D4 and D5 digital program streams and to adjust the average number of hours per week of core programming broadcast by the station on its digital program streams due to the fact that some of the core programs aired before 7am, local Hawaii time, after daylight saving time was observed in most of the United States, but not in Hawaii.
