Application for Silent STA Extension Owing to Displacement

Channel 51 of San Diego, Inc. (“Channel 51”) requests an extension of Special Temporary Authority (“STA”) for LPTV station K12PO to remain silent while its displacement application for a new channel from which to operate is pending. Station K12PO was involuntary displaced as a result of the Broadcast Incentive Auction.

Channel 51 timely filed a displacement application on April 11, 2018 to operate K12PO on Channel 15. The application is not mutually exclusive with any other application. K12PO went silent on March 15, 2019 when KDOC-TV, Anaheim, CA began broadcasting on its post-auction channel and requested that K12PO cease broadcasting.

K12PO cannot resume broadcasting until its displacement application (File No. 0000052518) or STA request (File No. 0000082441) are granted. (There are no other channels available in the area.)
