Explanation of Adverse Findings Answer

The applicant has responded “Yes” to the Adverse Findings certification in the subject application, stating that “with respect to the applicant and any party to the application, no adverse finding has been made, nor has an adverse final action been taken by any court or administrative body in a civil or criminal proceeding brought under the provisions of any laws related to any of the following: any felony; mass media-related antitrust or unfair competition; fraudulent statements to another governmental unit; or discrimination.” This response is based upon the applicant’s understanding that such certification is applicable only to the University’s staff involved with operation of the radio stations licensed to the Trustees of Boston University, since the entire Boston University system includes over 30,000 students and 10,000 employees.
