Scripps Broadcasting Holdings LLC (“Scripps”), licensee of WLEX-TV, Lexington, KY (“WLEX”) hereby informs the Commission that during the installation of the antenna for the post-repack facilities (FCC File Number 0000028121) for WLEX, Scripps added vertical polarization to the antenna. There was no expansion of the coverage area in the horizontal plane. Therefore, Scripps requests that the polarization for the licensed facilities for WLEX-TV reflect elliptical polarization.
