Amendment Explanation Exhibit

Post Filing Announcement Explanation

Extra Announcement Details

Due to a scheduling error, the final post-filing announcement on October 16 was broadcast at 11:30 a.m., rather than the intended 11:30 p.m. That resulted in two (2) post-filing announcements in the 9 a.m. to noon time period and none in the 7 p.m. to midnight time period. Details have been uploaded into the online public files.

To provide an announcement in the 7 p.m. to midnight time period, an additional announcement was broadcast at 11:32 p.m. on October 22, 2019. Information about that broadcast has been uploaded into the online public files.

There are no other changes in this amendment to the renewal application.
