WPBI-LD Fayetteville, IN - Facility ID: 2540
Application for License to Cover CP – 0000087838

Special Operating Conditions or Restrictions

The only change made on the tower to construct the WPBI-LD facility in accordance with the Construction Permit, was to replace the previously licensed, damaged, antenna with a replacement antenna with a different brand and model number. The transmission line is the same. No changes were made implementing the CP that would impact the WASK AM (FCC facility ID 71065) omnidirectional antenna pattern.

See 47 C.F.R. Section 1.1306

A Commission grant of this Authorization for this location will not be an action which may have a significant environmental effect? (See 47 C.F.R. Section 1.1306)
