

## **DECLARATION**

My name is Alfredo Torres resident of Nashville Tennessee and board member of North Nashville Community Radio with the following and under penalty of perjury I declare the following:

On December 15, 2016, North Nashville was granted a Low Power FM station. That station later became WXNS-LP. We are very much grateful for this, it has not been easy as we have spent more money than what it was supposed to be because of groups and people filing ungrounded complaints and making us spend more funds than was available. We finally have put up enough money to build and operate the already mentioned station.

I understand that an application for license to cover was previously filed. This application was filed prematurely, and in error. As soon as the error was realized, the application was dismissed.

On December 11, 2019, WXNS-LP was put on the air at its granted construction site, using one (1) Nicom BKG 77 bay antenna. At the current time we are only broadcasting 8 hours a day (in a 24 hrs period) that is 4 during the day and 4 at night. Because of internet not being available yet at the transmitter site, we are also operating very limited, but we are confident that soon we are going to be in full operation and utilizing this great media to help the local community.

We as a hold can only thank you all for the great work and for entrusting in us this station.

A handwritten signature in dark ink, appearing to read 'Alfredo Torres', with a stylized, cursive script.

Alfredo Torres
