

KQTI-LD FI 130912

The applicant currently has a license at the airport located in Woods Cross. The applicant has lost its lease at this location and is currently operating out of a shipping container with no heat or air conditioning. The Applicant wishes to remain on the air and serve the public from its original location in Ogden as a temporary measure. The Applicant has a CP on Farnsworth Peak, which it is anticipating building in the late spring or early summer when the weather is more favorable. This is a temporary site, until the CP can be built, required due to the loss of facilities at Woods Cross.

The site is an existing tower and there is no new construction.

TVStudy predicts incoming interference from KYVX and KUTH-DT. The Applicant accepts this interference for this STA application.
