

Cessation of Operations on Pre-Auction Channel

WSJN-CD, San Juan, Puerto Rico (Facility ID No. 48239) (“WSJN-CD”), ceased operations on its pre-auction channel 20 on July 19, 2018, to implement shared operations with WELU, Toa Baja, Puerto Rico (Facility ID No. 26602), on post-auction channel 22.¹ Since that time, WSJN-CD has been operating on its post-auction channel 22 pursuant to Special Temporary Authority while construction of the station’s permanent post-auction facilities is being completed.²

WSJN-CD inadvertently failed to file the requisite Transition Plan Progress Report (FCC Form 2100, Schedule 387), within five (5) days of ceasing operations on its pre-auction channel. WSJN-CD is now filing the requisite report pursuant to staff request.
