

## PUBLIC FILE DECLARATION

WHFX (FM) FID # 63431

The station is licensed to a subsidiary of iHeartMedia, Inc. ("iHM"). Both the station, at the local level, and iHM, at the corporate level, have policies and procedures in place to help ensure all required materials are timely uploaded to the station's online public inspection file. The station substantially complied with this requirement throughout the license term. However, upon conducting an audit of its online public inspection file in preparation for the filing of its license renewal application, the station discovered that certain items listed below had not been timely uploaded due to human error. iHM and the station continually strive to upload all required public file materials on a timely basis and will continue to seek to improve their efforts going forward. The renewal applicant acquired the station on September 9, 2014 and all certifications on the renewal application are made from that date forward.

Political file material: N/A

Other material:

An FCC Response to an FCC EEO Audit was received on March 27, 2019 and placed in the file April 24, 2019. The licensee notes that iHM emerged from chapter 11 bankruptcy on May 1, 2019, resulting in significant changes to the list of contracts required to be placed in the station's online public inspection file. An updated contract list (which has since been revised) was uploaded to the station's public file in July 2019, more than thirty days after iHM's emergence.
