

## **PUBLIC FILE STATEMENT**

The station is licensed to a subsidiary of iHeartMedia, Inc. ("iHM"). The licensee notes that iHM emerged from chapter 11 bankruptcy on May 1, 2019, resulting in significant changes to the list of contracts required to be placed in the station's online public inspection file. An updated contract list has been uploaded to the station's public file in advance of this renewal application, but more than thirty days after iHM's emergence.
