

### **WJXN-FM (Utica, MS) Narrative**

During the subject license term, WJXN-FM, Utica, MS was forced off the air for a brief period due to technical issues. The silent status was due to the need to make substantial programming changes, technical repairs and equipment replacements. Specifically, WJXN-FM was silent for the following time period: August 1, 2017 through October 9, 2017.

As the Commission's records will reflect, the licensee's Silent STA Request was timely filed and granted by the FCC's staff (and a timely Resumption Notification was filed).
