

**Call letters:** W245DP.C  
**City of License:** Champaign, IL  
**Channel:** CH245D (96.9 MHz)  
**File No:** BPFT-20190821ABE  
**Facility ID:** 149358  
**Applicant:** Saga Communications of Illinois, LLC

## Compliance with Special Operating Conditions or Restrictions

1. The applicant certifies coordination with other users of the site to reduce power or cease operation as necessary to protect persons having access to the site, tower or antenna from radiofrequency electromagnetic fields in excess of FCC guidelines.
2. The applicant certifies that prior to commencing program test operations, the applicant has on file at the Commission an FCC Schedule 350 Application for an FM Translator License pursuant to 47 C.F.R. Section 74.14.
3. The applicant certifies that before Program Tests commence, sufficient measurements have been made establishing that the operation authorized in this construction permit is in compliance with the spurious emissions requirements of 47 C.F.R. Section(s) 73.317(b) through 73.317(d). All measurements have been made with all stations simultaneously utilizing the shared antenna. These measurements have been submitted to the Commission along with the FCC Schedule 350 Application for License. (see attached Spurious Emissions Study)
4. **A waiver of Special Condition/Restriction Four (4) is requested herein.** The applicant acknowledges this Construction Permit authorizes the mounting of the antenna on the non-directional tower of AM Station WBCP(AM), Urbana, IL, Facility ID 71211. However, no physical change to the WBCP(AM) tower has taken place. This W245DP Construction Permit (BPFT-20190821ABE) authorizes the addition of the W245DP signal into the existing FM Translator antenna of W259BG, utilizing the existing Nicom model BKG77/2 antenna with no physical change to the WBCP(AM) tower. Therefore, no antenna resistance measurements, as defined in Section 73.45(c)(1) of the Commission's Rules, is merited as the provisions of Section 1.30003 do not apply.
