Broadcast Engineer's Statement of Certification

I, Sans Hawkins certify that I have overseen the directional antenna installation at KTLH Hallsville, TX. The Antenna was installed exactly as to the manufacturer's instructions and the FCC's Construction Permit requirements. The azimuth of the antenna was set to 50 degrees, referenced to True North, and certified by Collins Surveying & Mapping INC. of Longview Texas.

Sans Hawkins has worked continuously as a qualified Broadcast Engineer to gain 37+ years of experience in building and maintaining Radio facilities.
