

WPMR-LP FI 134788

The Applicant respectfully requests late filing of the License Renewal. The principals of the station had lost track of the status of the license and when they became aware of the renewal date they contacted our office to file the License Renewal and Assignment of the License. The Applicant had lost the FRN and password originally set up by Mr. Brian Davis. Mr. Brian Davis was finally located and the process of resetting the FRN password was initiated. This station serves Russellville, AL which is a small rural area in northwest AL. The Applicant believes it is in the "Public Interest" to continue this LPFM service to this sparsely populated area.

Respectfully submitted,
Susan Hansen, Consultant
