## **Explanation of Translator License to Cover Filing and Compliance with Special Operating Conditions or Restrictions**

1. The applicant acknowledges this construction permit authorizes the mounting of the antenna on the non-directional tower of AM Station WKBV(AM), RICHMOND, IN, 1490 kHz. Following installation of the antenna, the permittee has made a tower impedance measurement and compared this against the license value. As the resistance of the AM antenna has changed by more than two (2) percent from the licensed value (see Section 73.45(c)(1) of the Commission's Rules), an application for the AM station to return to direct power measurement is required. Therefore, this application, including a tower sketch of the installation, has been filed with the Commission by the AM station licensee using form FCC 302-AM. (See Section 1.30003 of the Commission's Rules.) The permittee submits confirmation of completion of the requirements of this condition in this application for license to cover this construction permit. (See attached Engineering Section of WKBV(AM) Form 302-AM Direct Measurement of Power)
2. The applicant certifies coordination with other users of the site to reduce power or cease operation as necessary to protect persons having access to the site, tower or antenna from radiofrequency electromagnetic fields in excess of FCC guidelines.
3. The applicant certifies that prior to commencing Program Test Operations, the applicant has on file an Application for an FM Translator License pursuant to 47 C.F.R. Section 74.14.
4. The applicant certifies that concurrent with W247DN filing a License Application to Cover LMS-0000093570, and commencing operation therein; W233AN has ceased rebroadcast of primary station WJYW(FM) - Union City, IN (FAC ID: 53093) under a concurrently filed *Notification of Suspension of Operations and Request for Silent STA*. W233AN will commence operation at a later date yet to be determined; rebroadcasting a new primary station yet to be determined. A copy of the concurrently filed W233AN *Notification of Suspension of Operations and Request for Silent STA* has been included herein.
