Explanation for STA

Ventura Media Communications, LLC (VMC) purchased Station KPIF from the former licensee in March 2018. VMC was unaware that KPIF was the subject of a short-term renewal imposed as part of a Consent Decree entered into by the former licensee of the station and the FCC. As such, the license apparently expired without a renewal being filed by 7/10/2019.

This STA seeks authorization for VMC to continue to operate with the facilities in the now expired license while VCM works with the FCC staff to determine how VMC should file the renewal given changes in the renewal application form and during the pendency of such renewal when filed.
