

**The Hualapai Tribe  
Post Office Box 397  
Peach Springs, AZ 86434**

**Application for License  
KWLP(FM) Facility ID 191061  
File No. BPH-20180329ACD**

**Compliance with Special Operating Conditions or Restrictions**

**The applicant has fully complied with all operating conditions attached to the above captioned Construction Permit, FCC File No. BPH-20180329ACD, as is shown below.**

- 1. The applicant acknowledges that assigned channel 265A will be replaced with channel 265C3 upon grant of this license application.**
- 2. The applicant acknowledges that this Construction Permit was granted as a short spaced 73.215 contour protected facility.**
- 3. The Licensee will cooperate with other users of this site and will reduce power/terminate transmissions as may be necessary to ensure that persons having access to the site, tower or antenna are fully protected from potentially harmful radiation.**
- 4. The applicant understands that any antenna change will require that the licensee submit the required RF exposure analysis and that automatic program test authority does not apply to the replacement of the present antenna.**
- 5. Applicant acknowledges that the automatic program test authority in 73.1620 of the Commission Rules does not apply to this facility. Program test authority is specifically requested in this Application For License.**
- 6. The applicant certifies that that a chain link fence has been constructed around the tower site to prevent inadvertent access to the tower site. The fence extends a minimum distance of 12 meters from the base of the tower and is clearly marked with radiation warning signs and access is provided by a locked gate to be used by maintenance personnel. The gate is clearly marked with radiation warning signs to alert personnel that have access that the potential exists for exposure to harmful RF radiation within the fenced area and a telephone number is provided so that station personnel are alerted to the presence of maintenance personnel within the restricted area. Operating power will be reduced/terminated as necessary to prevent personnel within the fenced are from exposure to potentially harmful RF radiation.**
- 7. The applicant is submitting this material with its Application for License to demonstrate complete compliance with all special operating conditions attached to Construction Permit FCC File No. BPH-20180329ACD.**
