Re: Request for Silent STA Extension

WAGC-LD Channel 15, New York, NY  
Facility ID 190105  
New York Spectrum Holding Company LLC  
FRN 0021234943

NYBB is continuing to work with the tower owner to install the new antenna for Channel 15 at its tower site and requests an extension to remain silent to complete the work.

For reference, NYBB cannot operate the legacy Channel 14 in the interim because it causes interference with a new Class A station WSKC. Consequently, NYBB is ceasing services until Channel 15 system is installed and commence operations.

Any question, please contact the undersigned.

Sincerely,

Michael Do
